ReFraming Our Place
Parent/Guardian Permission Form

Dear parents and guardians,

Our class has been invited to participate in ReFraming Our Place, a ReFrame Film Festival project that invites young people to reflect creatively on their connections to the place where they live: its lands, waters, skies and all our relations here.

Students may contribute artwork, photographs, audio, music or video they have created. ReFrame will bring selected contributions together to create short films that will be shown before in-person and online screenings during the 2027 festival. Students whose work is included will be credited at the end of the film.

Please complete both sections below and return this form to your child's teacher before your child's work is submitted. Note that the final deadline for submissions is November 30, 2027; forms must be received in advance of that date.
